There are two further sessions for the children to visit and work in their new classes over the coming weeks. Thank you to all the parents for their support and everyone is looking forward to the next session on the 3rd of July.

DfE Multiplication Tables Check

Some of the children in Year 4 have been taking part in a trial of the new multiplication tables check materials today for the Department of Education. They have been trialling the materials in small groups of six in the computing suite.

Although individual results will not be shared with the school, taking part in such trials enables us to keep up to date with developments. This check will become mandatory for all Year 4 pupils from 2020 onwards.

Maths Workshop PowerPoint

We have placed the recent KS2 Workshop PowerPoint on the school website. If there are any parents who were unable to attend this event they will find useful information about expectations and support for learning on there.

Key Stage 1 Maths Workshop

We would urge all parents to attend the KS1 Maths Workshop on the **5th July from 2.30-3.15pm** in the main hall. This will be an informative and fun afternoon and will give you strategies and support for helping your child with their Maths. We hope to see you there.
